

Curriculum Vitae

SKYLAR J. LAURSEN, M.Sc.

slaursen@uoguelph.ca

Education

- **University of Guelph**, Guelph, ON, Sept. 2021 – present
 - Doctor of Philosophy, Neuroscience and Applied Cognitive Science, Neuroscience Collaboration
 - Thesis: In progress at the Guelph Memory and Cognition Lab under the supervision of Dr. Chris M. Fiacconi
- **University of Guelph**, Guelph, ON, Sept. 2019 – Aug. 2021
 - Master of Science, Neuroscience and Applied Cognitive Science
 - Thesis: Examining Adaptations in Study Time Allocation and Re-study Selection as a function of Expected Test Format: Do Individuals make Advantageous Decisions? Completed at the Guelph Memory and Cognition Lab under the supervision of Dr. Chris M. Fiacconi
 - Practicum: Test Potentiated Transfer of Learning for Paired Associates. Completed under the supervision of Dr. Harvey H. C. Marmurek at the University of Guelph
- **University of Guelph**, Guelph, ON, Sept. 2015 – Apr. 2019
 - Bachelor of Science, Honours Psychology: Brain and Cognition with minors in Neuroscience and Criminal Justice and Public Policy
 - Graduated “With Distinction”, with a GPA of 86.29
 - Thesis: Determining when Individuals use Perceptual Fluency as a Cue to Inform Judgments of Learning. Completed at the Guelph Memory and Cognition Lab under the supervision of Dr. Chris M. Fiacconi

Awards and Recognitions

Graduate Awards

- Ontario Graduate Scholarship (OGS), \$15 000, Sept. 2021 – Aug. 2022
 - Awarded to students who demonstrate academic excellence in graduate studies; the psychology department at the university was allocated 11 OGS awards this year
- Alexander Graham Bell Canada Graduate Scholarship (NSERC’s CGS-M), \$17 500, Sept. 2020 – Aug. 2021
 - Awarded to students who demonstrate high levels of academic achievement and research potential; the university was allocated 22 CGS-M awards this year
- Dean’s Tri-Council Top-Up, \$5 000, Sept. 2020 – Aug. 2021

- Awarded to students who secure Tri-Council funding
- CSAHS Dean's Scholarship \$2 500, Jan. 2020
 - Awarded to students who show outstanding academic performance and exceptional research or professional performance/potential

Undergraduate Awards

- NSERC Undergraduate Student Research Award, \$8 960, May. 2019 – Aug. 2019
 - 1 of 3 for the Psychology department. Allowed me to work in the Guelph Memory and Cognition Lab under the supervision of Dr. Chris M. Fiacconi
- Dean's Honours List, 2016 – 2019
 - GPA of 80% or higher

Publications

- **Laursen, S. J.**, Wammes, J. D., & Fiacconi, C. M. (In Prep). Examining the mnemonic impact and frequency of off-task thoughts/mind-wandering as a function of expected test format.
- **Laursen, S. J.**, Sluka, D., & Fiacconi, C. M. (Submitted 2021). Examining adaptations in study time allocation and re-study selection as a function of expected test format: Do individuals make advantageous decisions?
- **Laursen, S. J.** & Fiacconi, C. M. (Accepted 2021). Constraints on the use of the memorizing effort heuristic. *Metacognition and Learning*.
- **Laursen, S. J.** & Fiacconi, C. M. (2021). Examining the effect of list composition on monitoring and control processes in meta-memory. *Memory & Cognition*.
- Fiacconi, C. M., Mitton, E. E., **Laursen, S. J.**, & Skinner, J. (2020). Isolating the contribution of perceptual fluency to judgments of learning (JOLs): Evidence for reactivity in measuring the influence of fluency. *Journal of Experimental Psychology: Learning, Memory and Cognition*.

Conference Talks * indicates presenting author

- ***Laursen, S. J.**, & Fiacconi, C. M. (2021). Does restudying impair memory for non-restudied information. Canadian Society for Brain Behaviour and Cognitive Science (CSBBCS), Montreal, QC. (virtual)
- ***Laursen, S. J.**, Wammes, J. D., & Fiacconi, C. M. (2021). Examining the influence of expected test format on the mnemonic impact and frequency of off-task thoughts/mind-wandering. University of Guelph Neuroscience Day, May. 2021 Guelph, ON. (virtual).
- ***Laursen, S. J.** (2021). 'R' you an artist?: A guide to visualizing data using R software (workshop). University of Guelph Interdisciplinary Psychology Graduate Symposium, Apr. 2021, Guelph, ON. (virtual).
- ***Laursen, S. J.**, Fiacconi, C. M. (2020). Does expected test format differentially affect how individuals monitor their learning? University of Guelph Neuroscience Day, Jul. 2020, Guelph, ON. (virtual).
- ***Laursen, S. J.**, Fiacconi, C. M. (2020). Contextual Influences on the Reciprocal Relationship between Monitoring and Control Strategies in Self-Regulated Learning. McMaster Conference on Education & Cognition, Jul. 2020, Hamilton, ON. (virtual).

Refereed Poster Contributions * indicates presenting author

- ***Laursen, S. J.**, Wammes, J. D., & Fiacconi, C. M. (Accepted 2021). Examining the mnemonic impact and frequency of off-task thoughts/mind-wandering as a function of expected test format. Psychonomic Society Annual Meeting, New Orleans, LA. (virtual).
- ***Laursen, S. J.**, & Fiacconi, C. M. (2021). Is there a hidden cost to restudy? McMaster Conference on Education & Cognition, Hamilton, ON. (virtual).

Teaching Experience

Guest Lecturer

- PSYC*2650, Cognitive Psychology (“Memory – Long Term Declarative Memory”), Feb. 2021

Teaching Assistant

- PSYC*3290, Statistical Analysis in Psychology with Dr. Chris Fiacconi (lab instructor), Sept. 2021 – Dec. 2021
- PSYC*2360, Psychological Methods and Statistics with Dr. Harvey Marmurek, Jan. 2021 – Apr. 2021
- PSYC*3290, Statistical Analysis in Psychology with Dr. Chris Fiacconi (lab instructor), Sept. 2020 – Dec. 2020
- PSYC*2360, Psychological Methods and Statistics with Dr. Harvey Marmurek (seminar leader), Jan. 2020 – Apr. 2020
- PSYC*1500, Foundational Skills for Psychology with Dr. Paula Barata (seminar leader), Sept. 2019 – Dec. 2019
- PSYC*2360, Psychological Methods and Statistics with Dr. Harvey Marmurek (seminar leader), Sept. 2019 – Dec. 2019

Workshop Leader

- PsychoPy Coder Tutorial, Aug. 2019
- PsychoPy Builder Tutorial, Jul. 2019

Supervisory Roles

- Dana Aronowitz, Sept. 2021 – present
 - Honours Thesis
- Brooke Farrell, Sept. 2021 – present
 - Advanced Independent Study
- Dorina Sluka, May. 2021 – Aug. 2021
 - Research Volunteer
- Brianna Mitton, Sept. 2020 – Apr. 2021
 - Honours Thesis (“Contextual differences raise doubts in the memorizing effort heuristic”)
- Dorina Sluka, Sept. 2020 – Apr. 2021
 - Honours Thesis (“The Effect of Test Format on Study Time Allocation and Re-study Selection”)
- Brianna Mitton, Jan. 2020 – Apr. 2020
 - Independent Study (“The Effect of List Composition on Re-study Decisions”)
- Sierra Goldfinger, Jan. 2020 – Apr. 2020
 - Research Volunteer (“Examining the Effect of Fluency and Disfluency on Judgments of Learning”)
- Greer Gillies, Oct. 2019 – Apr. 2020
 - Research Assistant (“Changes in Judgments of Learning: Fluency vs. Disfluency”)
- Silas Manning, Sept. 2019 – Mar. 2020
 - Independent Study (“The Effect of List Composition on Study Time and Metamemory Judgments”)

Research

- Graduate student researcher, Cognitive Psychology, at the University of Guelph under the supervision of Dr. Chris M. Fiacconi; Sept. 2019 – present
- Graduate researcher, Cognitive Psychology, at the University of Guelph under the supervision of Dr. Harvey H. C. Marmurek; May. 2021 – present
- Graduate practicum student researcher, Cognitive Psychology, at the University of Guelph under the supervision of Dr. Harvey H. C. Marmurek; Jan. 2021 – Apr. 2021
- Research Assistant, Cognitive Psychology, at the University of Guelph under the supervision of Dr. Chris M. Fiacconi; May. 2019 – Aug. 2019
 - Funded by NSERC (USRA)
 - Duties: programmed 3 experiments using Python Coder, Created stimuli for new experiments, led two python tutorials
- Honours Thesis Student, Cognitive Psychology, at the University of Guelph under the supervision of Dr. Chris M. Fiacconi; Sept. 2018 – Apr. 2019
 - Duties: conducted literature searches, created questionnaire for experiment, scheduled and conducted one-on-one experimental sessions with research participants, analyzed data using R software
- Independent Study Student, Cognitive Psychology, at the University of Guelph under the supervision of Dr. Chris M. Fiacconi; Jan. 2018 – Apr. 2018
 - Duties: conducted literature searches, scheduled and conducted one-on-one experimental sessions with research participants

Activities and Contributions

Graduate Involvement

- NACS Graduate Mentor, Oct. 2020 – present
 - I meet with my assigned mentee multiple times throughout the year to discuss their transition to graduate school
 - I provide my mentee with advice and information about the NACS program, time management skills and productivity, as well as any questions they may have about the transition to graduate school
- CSBBCS Associate Departmental Representative, Jan. 2020 – present
 - I receive information regarding events and initiatives put forth by the Canadian Society for Brain, Behaviour, and Cognitive Science and disseminate the information to interested graduate students and faculty in the University of Guelph Psychology Department
 - I conducted interviews with past award recipients as part of the CSBBCS meet the researcher initiative
- University of Guelph Honour's Thesis Poster Conference Judge, April. 2020
- NACS panellist – Psychology Society "Perspectives from Masters Students in Psychology" event, March 2021

- I shared my personal experiences applying to and being enrolled in the NACS Psychology Master's program at the University of Guelph to undergraduate students in psychology
- Networking Facilitator for prospective First Generation and BIPOC students, Nov. 2020
 - Answered questions and provided information about the Neuroscience and Applied Cognitive Science Master's program at the University of Guelph.
- Journal Peer Reviews
 - Zeitschrift fur Psychologie
- Psychology/Neuroscience Representative, Nov. 2019
 - Represented the University of Guelph's Psychology Department on Fall Preview Day and Science and Engineering Sunday at the Academic Resource Fair
 - Provided prospective students with information about admission requirements, courses offered, and research opportunities at the university
- Graduate Representative, Sept. 2019
 - Gave prospective students information about the University of Guelph and the neuroscience program it offers at the Ontario University's Fair in Toronto
 - Provided detailed information about admission requirements, courses offered, research opportunities, and possible future careers

Undergraduate Involvement

- Orientation Volunteer Team Leader, Feb. 2019 – Sept. 2019
 - Mentored and guided orientation volunteers ensuring all attended the required training sessions and assigned shifts
 - Assisted first year students in their transition to university by encouraging community bonding, and helping them navigate campus and find activities to participate in
- Tour Guide/Directional/Residence Room Ambassador, Oct. 2015 – Mar. 2019
 - Gave detailed and extensive tours of the University of Guelph campus and residences to prospective students and their families on Fall Preview Day, Science and Engineering Sunday, and Campus Day
 - Provided detailed and accurate directions to prospective students and their families on Fall Preview Day, Science and Engineering Sunday, and Campus Day
- Orientation Volunteer, Apr. 2018 – Sept. 2018
 - Helped first year students transition from high school to university by showing them around campus and organizing activities during the first week of class
 - Aided in the self-care of other orientation volunteers during orientation week by providing them with water and snacks throughout the day
- Undergraduate Representative, Sept. 2018
 - Provided both specific and general information about the bachelor of science programs offered at the University of Guelph and the application process to prospective students at the Ontario Universities Fair in Toronto
 - Gave detailed information about the amenities that the University of Guelph offers to prospective students at the Ontario Universities Fair in Toronto

Computer Training

I have become adept in the following computer software packages: Microsoft Office (Word, Excel, PowerPoint), R, and PsychoPy (Builder, Coder).

I have received some training in the following computer software packages: SPSS, and E-Prime.
